## Experience

### Since 2015 | Contract Remote Work

- CTO at B2B eCommerce startup Unlevel (<https://crunchbase.com/organization/unlevel>).
- Raised seed round via Starta Accelerator.
- Responsible for the full development cycle.
- Development and maintenance of several top-tier file-sharing platforms (projects are active).
- Full technical support of a major Ukrainian eCommerce project.
- Technical troubleshooting for a major travel startup.
- Development of a distributed horizontal storage system for a leading file-sharing platform.
- Scalable architecture with robust WAN synchronization.

### 2012–2015 | Head of Development Department, Myrtessen.ru / Olanola.com

Design, development, and coordination.

Technologies: PHP, Lua, PostgreSQL (with sharding, triggers, procedures), PgQ, custom MVC framework.

- Development of a visual website builder using widgets (Wix analogue).
- Development of PHP WebSocket chat (shm queues, up to 40k connections).
- Optimization of the Memcached cluster.
- Launched a technical office from scratch.

### 2010–2012 | Head of Kyiv Office, Vicman

Full cycle: development, administration, deployment, recruiting, operations management.

- Formed a new team from scratch after freelance work.
- Worked with AWS (2010 version).
- Fully involved in administrative processes.

## 2006–2010 | Outstaff (VitruveCorp, Fotolia.com)

PHP, Symfony 0.9+, MySQL, Python (Django).

Clients: WeatherChannel, CNN, Fotolia.com, HomeWarner Media, sfd.

- Technical leadership (team lead without a team).
- Video content optimization, CDN, encoding.
- Generated video clips from user photos (CUDA).
- Left Fotolia.com before it was acquired by Adobe.

## 2004–2006 | CGU – Developer → Senior Developer → Team Lead

PHP, J2EE, J2ME.

- Experience working with banking software.
- Developed mobile games for UMC.
- Independently developed an SMS billing system for a mobile operator.

## Education

Higher technical education, Specialist degree (Physics and Mathematics major). Residing in the Kyiv region. Not considering long-term relocation. Interested in remote or part-time opportunities.
